Program Description

We have three interesting presentations planned—two live lectures, and one video replay:

Nuts and Bolts of Minnesota Appellate Practice (Live program) presented by Richard Clem. For the attorney unexpectedly faced with a case before the Minnesota Court of Appeals, it can be a daunting challenge. While the Minnesota Rules of Appellate Procedure are not onerous, they do impose requirements that might be very different from what the trial attorney is used to. In some cases, seemingly innocent violations of these rules can be disastrous. We'll walk through the rules and give practical guidance on how to file a notice of appeal, how to order a transcript, how to write and assemble a brief, and even what color the brief's cover needs to be, and how it should be bound. This course will put you at ease if you are ever required to file an appeal, or if the opposing party files an appeal in a case in which you prevailed. The course materials include detailed forms and checklists, and references to the rules. *2.25 Minnesota standard CLE credits applied for; 2.5 Wisconsin CLE credits approved.*

Whiplash: The Epidemic (Live program) presented by Dr. Brian J. Engel. Dr. Engel, an attorney and chiropractor, will discuss the medico-legal issues surrounding Whiplash, and will provide numerous practice pointers for the attorney handling such a case. The program will cover history, epidemiology, biomechanics, diagnosis, treatment, and risk assessment. Particular emphasis will be given to the challenges presented to the attorney handling such a case. For example, jury pools are often tainted by junk science, and this junk science is often repeated by defense experts. Since these experts invariably rely upon a handful of studies out of thousands, this program will give the attorney handling this type of case specific guidance on how to overcome this junk science. *1.25 Minnesota standard CLE credits applied for; 1.5 Wisconsin CLE credits approved.*

Recent Seventh Circuit Decisions (Video replay) presented and moderated by Richard Clem. We'll be looking at recent noteworthy cases from the U.S. Court of Appeals for the Seventh Circuit. Topics include: Wisconsin Unfair Sales Act not preempted by Sherman Act; Wisconsin integrated bar compelled speech limitations; "heckler's veto"; speech by student organizations; firearms possession by user of controlled substance; Wiretap Act; EEOC retaliation claim; and more. This program was originally presented on September 18, 2010. *1.0 Minnesota standard CLE credit applied for; 1.0 Wisconsin CLE credits approved.*
